WING COLOR WING COLOR

cream hair color

Color cream rich in proteins that allow not only to color the hair, but to maintain the structure. From laboratory tests, it is revealed that the substances contained in the cream allows optimal closure of the scales of the hair. Staining performed with WING COLOR gives tone, brightness and a silky effect.

method of use : Mix 1 part of coloring cream with 1.5 parts LiriasOx (eg 50 ml + 75 ml) at 20, 30, 40 volumes depending on the coverage or ríflessatura, you can exit act for 30 minutes. For superlightening mix 1 +3

box: 100 ml tube
