HYDRATING SHAMPOO AND CONDITIONER REPAIR SHAMPOO E BALSAMO RIPARATORI IDRATANTI

Shampoo and Conditioner Repairmen Moisturizers are designed to weakened or damaged by dyed hair, chemicals or heat of drying. They restore the hair immersing it in a highly concentrated formula rich in antioxidant argan oil, keratin reconstructive and fatty acids. Both products restores elasticity, hydration and manageability. The formulas are free of sulfates, phosphates and parabens, so they are safer for the environment and will not dry out, fade or remove color to the hair.

method of use : Repairing Moisturizing Shampoo because it uses a hydrophilic high concentration formula, start by using a large amount of water to transform the shampoo into a rich and luxurious lather. If necessary, add more water. Massaging the hair and scalp. Rinse and apply the Moisturizing Conditioner Repair.

Using the balm : gently remove excess water and apply a small amount of balm with a high concentration from roots to ends. Leave for 1-2 minutes. Rinse well.
