DRY SCALP TREATMENT TRATTAMENTO CUOIO CAPELLUTO SECCO

Dry Scalp Treatment works to restore imbalances of the scalp, relieving irritation and revitalize your hair. This lightweight yet concentrated formula contains argan oil is rich in antioxidants and oils of lavender and geranium, and penetrates deeply to soothe the scalp and give immediate relief to irritation, dryness and itching. The scaling is reduced, circulation improves and your hair enjoy the benefits of vitality and shine.

method of use : to divide the hair into four equal sections. Apply 3 to 6 drops of treatment on the scalp in each section. Massaging the scalp with your fingertips. Leave to soak for 5-10 minutes. Comb. Rinse. Wash with shampoo and conditioner Moroccanoil® suitable for the needs of their hair. To start, run the weekly treatment, thereby reducing the frequency when the situation improves.

Dry Scalp Treatment is ideal for sensitive scalp staining. Its use is highly recommended before dyeing in order to protect the scalp and relieve itching. This treatment also provides relief to the scalp under tension during the removal of the extension.
