EXENCE AROMATHERAPY - SENSITIVE SKIN SENSITIVE SKIN PROGRAM Dandruff Aromatherapy

effective products to eliminate the phenomena of redness and irritation, ensuring freshness and hydration of the skin with the utmost respect. The valuable synergy of essential oils microdispersed associated to climbazole ensures a selective action, soothing and protecting the skin from the reappearance of dandruff.

CLIMBAPLUS EMULSION

Soft soothing and anti-reddening effect emulsion. Particularly indicated in the treatment of dandruff oily, balances the hydro-lipid mantle slowing the formation of dandruff.

CLIMBAPLUS 1

The essences gently remove the cells no longer active, reducing irritation and redness. The climbazole prevents the formation of new dandruff by acting selectively on the causes.

SHAMPOO CLIMBAPLUS

SLES free gentle shampoo designed to remove and counteract the appearance of dandruff.

CLIMBAPLUS 2

Reduces redness, selectively preventing the reform of dandruff even in the most difficult cases.

CLIMBAPLUS DAILY

Lotion daily for the selective treatment of dandruff. Ideal for oily dandruff accompanied by reddening of the skin.
