moisturizing treatment - color protection

A hair fiber healthy and hydrated is the best guarantee to get shiny hair and a beautiful color and long lasting.

The Hydra Capture System moisturizes and strengthens the hair from within their structure, while maintaining a uniform color from root to tip. The rice protein, rich in amino acids, protects against attacks to the cortex. Sunscreens provide maximum protection against solar radiation and UVA

Results: +60 % * color protection. The color retains its intensity and brightness for longer.

Fiber stronger and more resistant to breakage. Hair soft, light and shiny.

* Test performed on bleached hair. Application of shampoo + booster.
