ACID THERAPY line for colored / treated

Professional treatment

acidifying, restructuring and rebalancing of the hair and scalp and is ideal for color-treated hair, dry and weakened. Based on a unique vitamin complex acidifier restores the natural balance of the scalp and hair while forming a protective barrier against external agents. Formula antioxidant that fights free radicals and protects dyed hair color over time.

SHAMPOO ACIDIFYING

Mild detergent at acidic pH, rebalancing and protective. It favors the closing of the scales making the hair shine and protecting color.

package : bottles of 250 and 1000 ml.

EMULSION ACIDIFYING

Restore the natural balance in the case of very weak hair or dry, sensitive skin, chemical treatments. Ideal to be used in substitution to the shampoo, particularly after coloring to fix and maintain the color unaltered over time.

package : bottles of 250 and 1000 ml.

MASK ACIDIFYING

Provides deep nourishment and helps to preserve the integrity of the keratin. Ideal on hair treated to restore the natural balance and maintain the color over time.

package : jar 500 ml, 250 ml tube.
